

MOBILE APP FEATURES OF PARENT PORTAL

PROFILE: It contains student's personal information.

SIBLING: With this option, parents can view their children's details with a single user id and password in case of more than one child.

MESSAGE: Internal messaging facility has been provided to send messages along with attachment to a class teacher, subject teacher or admin.

Now Teachers and Parents communication is simple and reliable as Class Teachers and Subject Teachers can send separate messages to parents. And also this Communication can be made in both ways i.e. two ways or one way. We can provide either of them, but it's permission can be given as per school authority's demand.

ACADEMIC SESSION: Parents can view the details of previous academic sessions also besides the current academic session.

TRANSPORT: With this feature a parent is able to see his ward's transport details i.e. vehicle details along with driver's name and Contact No.

PARENT PORTAL: Now Parents can also see all the details available in Parent Portal Web view from Mobile App with the help "Parent Portal" option given in Mobile App. This feature can be open to our customers one by one, but only for MVC Platform based customers.

LOGOUT: After having all the details parents can safely logout by using this option.

HOME

ATTENDANCE: Complete attendance of the ward can be seen by his/her parent such as present, absent, halfday or leave. Leave can also be applied on the behalf of ward.

ASSIGNMENT

HOMEWORK/ACTIVITY/PROJECT: Parents will be able to check/view all the home works/activities which are being carried out in school on daily basis. Attachments can also be downloaded.

LIBRARY

MY TRANSACTION: Details of complete books available in the library can be seen from the app and details of book issued / returned can also be viewed. A student can also reserve a Book issued to another student from this app.

SEARCH BOOK

With this advanced search feature, a student can reserve a book and also can have a history of reserved books. So Now you can search a book and Reserve from the Result itself.

REQUEST BOOK: Request for book can also be done which is not available in the library.

NEW ARRIVAL: List of new books which are added in the library can be seen.

FEE

SUMMARY: All the details of student fee such as due, paid and balance are shown under this option.

DUE DETAILS: With this option details of current fee due can be seen to the parents.

PAID DETAILS: With this option, parent can view the details of fee paid and can also take print of the receipt.

ONLINE PAYMENT: With Online payment option, parents can conveniently make Fee Payment online from anywhere using credit/debit card or Net banking.

EXAM

EXAM/REPORT CARD: Report card can viewed and downloaded with this option.

EVENTS

CIRCULAR: Circulars issued by School/Board/Government can be viewed and if required it can be downloaded.

NEWS/EVENTS: Latest news and all the details of academic or functional events can be seen along with the dates. School annual calender is also available.

PLANNED EVENTS: Under this option parents can view the upcoming events to held in the school.

MISC

LEAVE: Parents can apply for leave for their children in advance under this option. In Leave Application Parent can view leave status along with Remarks.

SUBJECT TEACHER: Internal Short messages can be sent to subject teacher on particular subjects.

TIME TABLE/SYLLABUS: The time table and syllabus for the academic session can be seen as well as downloaded for the ward.

PERSONAL DIARY: With this option, parents can check the achievements and discipline aspects of their wards and some special remarks given by the Class Teacher or Subject Teacher. It will be very helpful for the school to maintain everything related to the students.

BIRTHDAY: Birthday Wish message to any student can be seen under this menu.

CLASS TEACHER: Internal Short messages can be sent to Class teacher on any kind of query related to student.
